

# Ways to get attention

I like talking to other people. Sometimes I want to get someone's attention. When I want to talk to someone I need to walk over to them and use my words.

I can make sure I am close enough to the person

so that they can **see** me

and **hear** me

When I want to talk to someone, I should look at them and say their name.

Sometimes people don't answer when you talk to them. Maybe they didn't hear you. Maybe they weren't paying attention. Or maybe they were busy.

If they don't answer, I can tap them on the arm or shoulder  
and say their name again.

Then I can talk to them and maybe we can play together!

I feel happy when I'm talking or playing with other people!
