

Using Greetings

It is polite to greet people when I see someone I know during the day.

In the morning, the first time I see people, I can say, “**Good morning.**”

When someone comes to my house, I can say, “**Hi**” or “**Hello**” or I can **wave**. It makes people feel happy when I say hello to them.

When I meet someone for the first time, I can say, “**Nice to meet you.**”

When someone is leaving for the day, I can say, “**Goodbye**” or “**See you later.**”

Have a nice day!

I could also say, “**Have a nice day.**”

Good night!

When I’m going to bed at night, I can say, “**Good night.**”

Greeting people is fun! Let's
practice!
